READ BELOW BEFORE ORDERING

ALL our plants are grown from seed sown in early spring and have enough growth to bloom the following season. Many blossom the same fall they are seeded.

We are located in the famous Lake Superior region where the climate and soil which has long been noted for its adaptability to produce these kind of plants with that wonderful root system which permits long shipments and ease of handling to get results for our customers.

PRICES:—The prices given are for choice uniform plants, carefully packed and delivered at the Express Office or Post Office in Washburn, Wis. Here my responsibility ceases, altho, I will always do all possible to secure satisfactory adjustment in case plants do not arrive in best of condition.

TERMS:—I prefer cash with order, but if you wish to open an account with me, please send proper references.

GUARANTEE:—I wish to sell all my plants as true to name and variety as the best of care will permit. If mistakes occur, I will do all I possibly can to adjust them to be satisfactory to my customers.

PARCEL POST:—If you wish plants to be sent by parcel post, add 10% to the amount sent for plants. Any balance will be returned.

EARLY ORDERS:—Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with loyalty and suitable planting season.

PACKING:—Actual cost of packing will be charged for all orders less than \$25.00.

CAUTION:—Inspect your plants as soon as you receive them and if they arrive in bad condition, take it up immediately with the Express Co. Also wire us at the same time if adjustment cannot be secured with Express Company.
